BCV22

Bosch Connected World

November 9–10, 2022

The leading event on AIoT and digital transformation
Join us **on-site** in Berlin and **online** from wherever you are.

Due to the current pandemic BCW22 is postponed to November 9 and 10, 2022.
You can find a detailed statement [here](#).

About BCW

Bosch ConnectedWorld (BCW), the leading event on AIoT and digital transformation, once again welcomes attendees on November 9 and 10, 2022.

BCW brings together more than 10,000 of the most forward-thinking executives, decision-makers, digital transformers, innovators, developers, entrepreneurs, and IoT enthusiasts alike to catalyze the creation of connected products and solutions invented for life.

Whether on-site or online BCW features conference sessions and a large scale exhibition as well as many opportunities to network, collaborate, share know-how, and foster new business relationships. The event showcases AI and IoT innovation from the automotive, buildings, energy, logistics, manufacturing, mobility, smart life, and transportation sectors. Its topics range from AI and data monetization to enabling technologies and cultural change.

Conference

The best minds in AI and IoT will share their strategies, best practices, and case studies associated with IoT-empowered products, services, and solutions on 4 on-site & live-streamed stages and several online sessions.

Exhibition

The hybrid exhibition will feature Bosch and more than 80 IoT market leaders and innovative start-ups spread across 6,000 square meters of exhibition space in Berlin and uncountable square meters online.

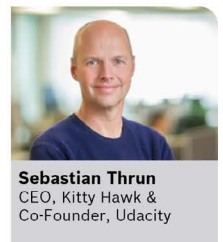

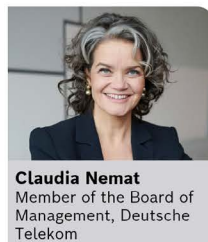

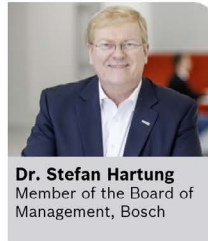

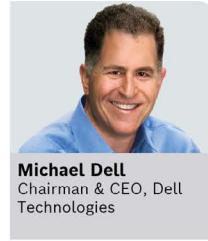

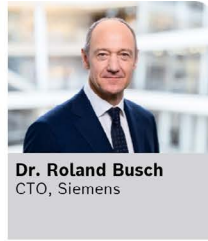

Networking

BCW provides many opportunities to mingle and make valuable connections with like-minded professionals from across the IoT ecosystem – on-site and online.

Selection of former speakers

The speakers of BCW22 will be announced soon.
Please visit our website to see the latest speaker lineup.
